Birthday Party Information

Birthdays parties at BreakAway Speed (BAS) are sports/activity oriented and include at least 2 BAS trainers who supervise all activities. Children must be at least 6 years old to participate. Activities include, but are not limited to, relay and agility games, dodge ball, kickball, soccer, batting in cages and/or a mini-baseball game. All children must have a permission slip on file with us before any participation. You may obtain the form online at www.baspeed.com or directly at BAS.

You are responsible for providing your own birthday refreshments. If you will be serving more than cake/ice cream, we recommend that you bring simple foods such as pizza, mini sandwiches or hot dogs and chips. Don't forget candles, paper goods, and drinks. We do have a water cooler that the children will be allowed to use throughout the party. Decorations should be kept simple and please, no noisemakers or silly string. Also, if you are giving the children a favor, please do so as they leave the facility.

You may arrive 20 minutes before the party to set up and you have 15 minutes to leave the Café area after the party has ended. All children must be picked up by that time.

It is the responsibility of the parent(s) giving the party to make sure that all children are supervised as soon as they leave the activity portion of the party and go to the Café area. Children may not re-enter any part of BAS without parent supervision and permission of a BAS staff member. This is for the protection of the children, as well the BAS equipment. We recommend that you have at least 4 adults supervising children in the Café area.

Please be aware that if the children will be using the batting cages, they must wear helmets. They may use our helmets and we have some available bats, or they may bring their own. We are not responsible for lost personal items.

All children who are participating in the party must obey the BAS trainers during the party. The trainers want to make the party fun, safe and memorable for all children. They will talk to the children at the beginning of the activity and explain what will be going on for the party. We ask that the parents/adults support us in not allowing children out of the activity areas and not touching equipment that is out of their activity area.

Any special requests for the party must be made in advance of the day of the party and agreed upon in writing.
